

## ANTI-LEE FACTION WINS VICTORY AT COUNTY PRIMARY

ROCKVILLE, Md., Sept. 12.—The anti-Lee faction of the Democratic party came near making a clean sweep in the primaries here yesterday, nominating the sheriff, the county commissioners in the first and second districts, and three out of four of the candidates for the House of Delegates.

About 3,000 votes were cast in Montgomery County. The results were:

For House of Delegates (four names)—Joseph W. Jones, 1,878; F. H. H. Campbell, 1,700; James M. Barnley, 1,446; William H. Fawcett, 1,436; Charles F. Brooks, 1,200; Francis Snowden, 1,227; Robert H. Kehode, 1,190; and William H. McConney, 1,112.

For county commissioner—First District, Samuel Riggs, 1,555; Crittendon H. Walker, 1,378. Second commissioner district, John R. Lewis, 1,578; J. Dallas Young, 1,080; and Clarence M. Griffith, 351.

For sheriff—William A. Aud, 1,829; George E. Nicholson, 1,185; and W. Edward Vint, 205.

There were no contests for the other offices, the candidates for which follow:

Senator—J. Dawson Williams.

County commissioner, Fifth district, Adrian W. Roby.

Delegates to Democratic State convention—Lewis W. Barnsley, G. Rust Canby, Frank I. Davis, James B.

## PARTIES HOLD PRIMARIES IN PRINCE GEORGE'S

UPPER MARLBORO, Md., Sept. 12.—The result of the Democratic primary election in Prince George's county follows:

For sheriff—Benjamin Ogle, of Nottingham.

For county commissioner—George W. Waters, of Laurel, and R. Lee Manning, of Piscataway.

For delegates to the State convention—Alan Bowie, Louis A. Griffith, J. Simms Jones, George M. Palmer, and George D. M. Phelps.

In the Republican primary:

For sheriff—Oliver Samuel Metzger, of Chillum.

For county commissioners—William H. Duval, of Melwood, and Charles R. Ryan, of Seat Pleasant.

For senate—W. Wesley Bell.

For State central committee—S. G. Coale, William J. Conway, William F. D. Fenwick, Edward T. Shea, and W. Claud Smith.

The Democratic ticket nominated in the one agreed upon by the conference of the organization and anti-organization wings of the party, Lemuel Gray, of Hyattsville, running independent Democratic, came within 100 votes of being nominated for county commissioner. The Republican ticket is the one selected by the organization.

Site Senator W. F. Holmes had no Democratic opposition.

Jones, and W. Outerbridge Spates.

For surveyor—W. Brewster O'Fallon, James T. Bogley, Alexander G. Carlie, and Charles G. Griffith will compose the new Democratic State central committee.

No Republicans filed certificates of candidacy in the county.

## JUDGE SAYS MILK OF KINDNESS WAS DENIED RIGHTLY

CHICAGO, Sept. 12.—Judge Newcomer, of the municipal court, on his return from vacation, issued a statement defending his action in sentencing William Gill to four months in the Bridewell. Gill was released after two months, on a writ of habeas corpus issued by Judge Kavanagh in the superior court, to whom it was represented that the offense was merely the theft of a few bottles of milk.

"Judge Kavanagh evidently did not hear all the facts in the case," Judge Newcomer said.

"This is what was told in my court by six witnesses: Gill and a companion had been carousing all night. In the morning they stopped a milk wagon driver, threatened him, causing him to flee, and then took possession of his wagon.

"Later they did the same thing to another milkman. It was a serious offense, virtually a hold-up, and the men might have been sent to the penitentiary.

"I believe Judge Kavanagh was imposed upon—that he did not hear all of the evidence. The milk was a minor consideration."

## Famous Singer Who Saved Boy Bitten by Snake

MME. SCHUMANN-HEINK.  
She sucked poison from arm of nine-year-old boy who was struck in the arm by a rattler. The boy is out of danger.

## SOLVE TOWER MYSTERY; USED FOR SEWER WORK

The mystery of the strange wooden tower which has been erected during the past week on Fifteenth street northwest, just south of G street, which has puzzled hundreds, was solved today, when the Sewer Department announced that the tower is a shaft house, covering sewer construction.

The tower is a combination elevator and dirt reservoir. Seven of these towers will be erected along the route of the new sewer from Fourteenth and G streets to the site of the present tower. The purpose of the towers is to avoid interference with traffic.

## GOVERNOR PARDONS OCTOGENARIAN SLAYER

JEFFERSON CITY, Mo., Sept. 12.—William F. Moorehead, eighty years of age, has been pardoned from the penitentiary by acting Governor Cronley. He is the oldest man who ever served in the prison. He was pardoned outright, and his civil rights were restored.

## SCHUMANN-HEINK SAVES SNAKE-BITTEN CHILD

LOS ANGELES, Sept. 12.—Braving death to save a little child's life, Madame Schumann-Heink, the world famous singer, sucked poison from the arm of a nine-year-old boy at Wenden, Ariz., after he had been bitten by a huge rattlesnake.

Madame Schumann-Heink was at Wenden, bidding her son, Fred Schumann-Heink, farewell. Shortly after his departure her daughter-in-law was bitten by a scorpion.

Charles Gonzales cried out that rattlesnake poison was an antidote, and rushed to find one. While trying to catch the rattler he was struck in the arm, and the famous diva needed no further cue. The child is out of danger.

## WILL TEACH SHOOTING.

Walter C. Stokes has been named as instructor for the new indoor rifle range which will be opened Friday night on the top floor of the Union Station. All field, staff, and line officers of the Home Rifles have been urged by Col. M. A. Winter, the commanding officer, to attend the opening of the range.

## BUREAU IN PARIS TO CARE FOR U. OF V. MEN WITH ALLIES

CHARLOTTESVILLE, Va., Sept. 12.—President Edwin A. Alderman has officially entered the University of Virginia as a member of the "American University Union of Europe," which has recently been established to meet the needs of all university and college men who are in Europe for military or other service in the cause of the allies.

Following the action by President Alderman, the executive committee of the general alumni association of the university met and authorized the establishment and maintenance of a University of Virginia bureau at the headquarters of the union in Paris, under Lewis D. Crenshaw, secretary of the alumni. Until Mr. Crenshaw's departure, Virginia's interests will be looked after by Charles Campbell, Jr., of St. Louis, a graduate of the law class of 1908. Mr. Campbell, who has been at the American legation in Bern, Switzerland, was transferred recently to Lisbon and on his way to take up his new duties will stop over in Paris for several weeks.

The plan to establish a University of Virginia headquarters in France comes at an opportune time. Already nearly 200 alumni and students are in France, and others are leaving at frequent intervals. One Virginia ambulance section is in Europe and the other probably will sail in the next week or so. Base Hospital 41,

## German Junk Men Will Have Harvest When Peace Comes

LONDON, Aug. 27 (by mail).—Dealers in old iron will have a harvest in Germany after the war. The Kaiser has bestowed 2,250,000 iron crosses of the second class since the war started.

fully organized and equipped, is expected orders daily to leave the university. It is estimated that nearly 1,000 Virginia men already are in some form of Federal service and new names are being added daily.

The estimated cost of maintaining a Virginia bureau of the headquarters in Paris for a year is about \$5,000.

## PRISON GUARDS SCARCE.

OSBURNING, N. Y., Sept. 12.—As a result of the war there is a dangerous shortage of keepers at Sing Sing prison. It was also disclosed for the first time yesterday that many of the guards on duty are totally unarmed. Municipal Judge Irving Valentine, whose attention was called to the fact that four guards watching over 100 convicts at work outside the prison walls were without revolvers, stated he had personally issued pistol permits to more than 75 per cent of the guards, and he believed they should all be armed.

## CANADA CUTS PORK EATING.

Canada has reduced her consumption of pork one-third, according to an announcement made today by the food administration. In her efforts to supply the allies with wheat Canada has materially reduced her own consumption.

## EX-COAST GUARD WILL HELP REDUCE DROWNING CASES

With the appointment on the police force of John McNulty, a former member of the coast guard service, the campaign begun two years ago by the Police Department and the Red Cross to prevent drownings will be continued with increased vigor, it was announced today.

McNulty will take up the work of W. J. Brunner, former member of the Police Department, and now superintendent of the bathing beach, in lecturing before the public schools on life-saving methods. He has had long experience in this work and was in charge of the coast guard exhibit at the Safety First Exposition at the National Museum in the spring of 1915. Later he traveled all over the country in the "safety first" train.

The number of drownings in the Potomac during each of the past two fiscal years was twenty-nine.

## GIRL, 13, WANTED TO WED.

CAMDEN, N. J., Sept. 12.—Disappearing from her home in July, after her parents objected to her becoming a bride because of her youth, thirteen-year-old Genevieve Walker has been located at Magnolia, N. J., by Constable Hadley and given in charge of the county authorities as an incorrigible.

W. B. Moses & Sons.

## MARMON Ends the Quest for Balance

The Marmon 34 is more perfectly balanced than any comparable car. We will prove this statement, should you wish to review the subject with us personally. Since engineers turned their attention to refining motor cars, much time and money have been spent by leading makers to attain such balance. Still the rear of other major-class cars will be found to outweigh the front by several hundred pounds.

With the Marmon, fully equipped for the road, there is scarcely a difference of 80 pounds. Moreover this car is a half-ton lighter than comparable cars. Note the following important results:

Tires (both front and rear) wear uniformly; owners find that tires average two to three thousand miles more than on other cars of the same size and power. And owners have proved a gallon of gasoline carries the Marmon much farther than it will like cars.

To balance must be credited also much of the extra strength, the delightful riding ease and the splendid road-adherence that are outstanding Marmon features.

Arrange with us to drive this long, powerful car over any road you choose.

Learn what it means to travel country highways in boulevard luxury at 55 miles per hour. Then try to duplicate your drive in any other car, regardless of weight.

One chassis—136-inch wheelbase. Many body styles—open and closed.
